 Project Title: Virology and Immunology Building
 Project Location: Hutchison Drive and County Road 98, UC Davis
 County: Yolo County

Project Description: The Virology and Immunology Building will be one-story in height and approximately 5,461 square feet in size. The building will contain bio-safety level 2 (BSL-2) and 3 (BSL-3) laboratories and laboratory support space. The new facility will bring dispersed researchers together in high quality research space that meets the containment standards for work with infectious viruses. The BSL-2 and BSL-3 laboratories will improve process efficiencies and increase worker safety for faculty, staff and graduate students. High containment research activities from the general California National Primate Research Center laboratory building will also be isolated thereby reducing the possibility of inadvertent exposure to the pathogens under study.

This is to advise that the University of California (Lead Agency Responsible Agency) has approved the above-described project on October 16, 2007, and has made the following determinations regarding the above-described project:

1. The project will will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [were were not] made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan [was was not] adopted for this project.
5. The Statement of Overriding Considerations for the UC Davis 2003 LRDP EIR [was was not] reaffirmed for this project.
6. Findings [were were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval is available to the General Public at: Office of Resource Management and Planning, 376 Mrak Hall, University of California, Davis, CA 95616, Attn: Sid England, (530) 752-2432.
