Subject:

Filing of Notice of Determination in compliance with Section 21108 or 21152 of the Public Resources Code.

Hog Barn Relocation Project

Project Title

2002072048	Sid England	(530) 752-2432
State Clearinghouse Number (If submitted to Clearinghouse)	Lead Agency Contact Person	Area Code/Telephone/Extension

Yolo County--UC Davis-Central Campus, southeast of Hutchison Dr. and California Ave.

Project Location (include county)

Project Description:

The project includes the relocation and renovation of the Hog Barn building, a structure that meets the criteria for listing on the California Register of Historic Places. The building is currently located on the central UC Davis campus on a site north of La Rue Road and west of California Avenue. To accommodate the new Mathematical Sciences Building, the Hog Barn Relocation project would relocate the historic Hog Barn to another site in the central campus located south of the Silo Complex (an area including other buildings from the founding years of the campus) and north of Bainer Hall. The Hog Barn building would be renovated and reused for administrative office and activity space.

This is to advise that the University of California has approved the above described project on Lead Agency Responsible Agency

June 5, 2003 and has made the following determinations regarding the above described project:
(Date)

1. The project [will will not] have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA.
 A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures [were were not] made a condition of the approval of the project.
4. A statement of Overriding Considerations [was was not] adopted for this project.
5. Findings [were were not] made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval is available to the General Public at:

	June 5, 2003	Vice Chancellor-Resource Management and Planning

**NOTICE OF DETERMINATION
FINAL ENVIRONMENTAL IMPACT REPORT**

Project Title: Hog Barn Relocation
State Clearinghouse No.: 2002072048
Project Location: University of California, Davis
County: Yolo

The project includes the relocation and renovation of the Hog Barn building, a structure that meets the criteria for listing on the California Register of Historic Places. The building is currently located on the central UC Davis campus on a site north of La Rue Road and west of California Avenue. To accommodate the new Mathematical Sciences Building, the Hog Barn Relocation project would relocate the historic Hog Barn to another site in the central campus located south of the Silo Complex (an area including other buildings from the founding years of the campus) and north of Bainer Hall. The Hog Barn building would be renovated and reused for administrative office and activity space.

In compliance with the California Environmental Quality Act (CEQA) (Public Resource Code Section 21108) and the University of California Procedures for the Implementation of CEQA, the University of California hereby declares that it has approved the above-named project.

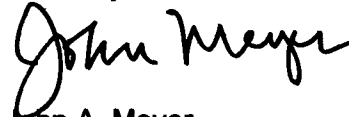

The project was addressed in the Mathematical Sciences Building Environmental Impact Report (EIR) (State Clearinghouse Number 2002072048), which was prepared pursuant to the provisions of CEQA. The Draft EIR completed State Clearinghouse review on October 21, 2002. Pursuant to the provisions of CEQA, the Board of Regents of the University of California (The Regents) certified the Mathematical Sciences Building EIR, approved the Mathematical Sciences Building project, and adopted mitigation measures as a condition of project approval in December 2003. **The project's Fish and Game Filing Fee was submitted with the Notice of Determination for this earlier approval.** Since no legal challenges were brought regarding the adequacy of the Final EIR within the 30-day statutory period, the Final EIR is now conclusively presumed to comply with CEQA. Following certification of the Final EIR, there have been no substantial changes to the project, no substantial changes in circumstances under which the project will be undertaken, and no new information making a supplemental or subsequent EIR necessary or appropriate under Section 21166 of CEQA. This approval is therefore undertaken in accordance with the previously certified Final EIR, as provided by CEQA.

Notice of Determination
June 5, 2003
Page 2

On June 5, 2003, pursuant to authority delegated from The Regents, the campus adopted findings related specifically to the Hog Barn Relocation project and approved the design of the project based on the previous certification of the Mathematical Sciences Building EIR. All significant unavoidable impacts of the project were identified in UC Davis' 1994 Long Range Development Plan (LRDP) EIR, and The Regents previously adopted a Statement of Overriding Considerations for these impacts upon certification of the 1994 LRDP EIR. In addition, the campus adopted a Statement of Overriding Considerations specifically for the project on June 5, 2003.

A copy of the Mathematical Sciences Building EIR and the record of project approval is available at the Office of Resource Management and Planning in 376 Mrak Hall on the UC Davis campus.

Sincerely,

John A. Meyer
