NOTICE OF DETERMINATION — NEGATIVE DECLARATION

Project Title: Segundo Dining Commons Replacement
State Clearinghouse Number: 2001092063
Project Location: University of California, Davis
County: Yolo

Project Description:

The proposed project is to construct a replacement Dining Commons for the Segundo student housing complex. The replacement Dining Commons is proposed to be 45,000 gross square feet and will contain a dining hall, with production kitchen, a separate cook-chill kitchen, an office, and related support space.

The proposed project is located on the UC Davis campus, in the open field south of the existing Segundo housing and north of Parking Lot 25. The 1994 UC Davis Long Range Development Plan designates the proposed site for *Physical Education/Intercollegiate Athletics, and Recreation* uses, so as part of the project, it is proposed to amend the 1994 LRDP to change the land use designation on 3.2 acres to *Housing*.

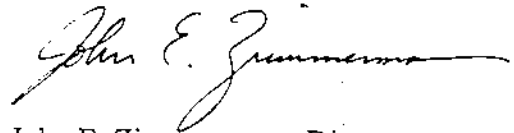

In compliance with State Guidelines for implementation of the California Environmental Quality Act of 1970 (Section 21108), as amended, and with the University of California environmental procedures, the University hereby declares that it has approved the above-named project.

Based upon the information contained in the Initial Study, it has been determined that the project will not have a significant effect on the environment. Consequently, no EIR has been prepared on the project, pursuant to the provisions of CEQA. The Negative Declaration/Initial Study for the project completed State review on October 17, 2001, and was approved by the University on November 15, 2001.
