

COMMUTE

Solo car commuters traveled approximately 60,656,013 miles in 2013-14. Explore a sustainable transportation option that works for you. Pledge to take action on campus!

TAKE ACTION!

I pledge to...

- Join the TAPS goClub, if I have not already joined, at goclub.ucdavis.edu, and begin using one of the goClub's sustainable transportation options.
- Request a hybrid or plug-in electric vehicle when reserving a UC Davis Fleet rental for departmental travel.
- Watch the TAPS Bike Safety video at vimeo.com/75059452 and adopt the safe biking practices I learn from the video.
